

ABOUT THIS DOCUMENT

With the implementation of UCPath, DOS Codes are no longer used and instead UCPath system utilizes Earn Codes for Payroll transactions. The primary purpose of this job aid is to provide DOS Code to UCPath Earn Code mapping. Additionally, this report provides some of the Earn Codes attributes related to assessments: Composite Benefits, Leave, General Liability, and Employee Liability assessments. When one of these assessments value has a "Y", it indicates that the Earn Code is part of the assessment. When one of these assessments value has an "N", it indicates that the Earn Code is NOT part of the assessment.
