Note: This Template Transaction User Guide is not found on the UPK website.

- This new user guide lists the templates by their function, regardless of the template type and reason codes.
- It also gives additional information and explains how and when to use a particular template for multiple uses, i.e. using a UC_FULL_HIRE template for a Transfer.
- The UPK Job Aid lists and defines the Templates' Reason Codes by the Template Name.

Templates, Actions, and Action Reason Codes are used together to create an entry which is used to create or add to an employee/CWR record.

- In some circumstances choosing the correct options may seem challenging, but when used correctly, UCPath and the UCPath Center captures the data for accurate entry.
- Comments are **extremely** important to advise UCPC on your intent. They need to be confident of your template and code selection.

FULL_HIRE Templates

New Hire

Use the UC_FULL_HIRE templates to process a New Hire transaction for an employee with **no prior UC affiliation [No previous UC pay status.]**

	Template	Reason
Academic Hire	UC_FULL_HIRE_AC	No prior UC affiliation Academic Hire w/Contract Pay
Staff Hire	UC_FULL_HIRE	No prior UC affiliation

Rehire

The UC_FULL_HIRE template has other uses, in addition to New Hires. It is used in rehiring former UC employees in two circumstances.

1. All rehires [former employee] from other UC locations. [Not UCI.]
2. All rehires from UCI who ended employment prior to 12/1/2019.

See the next section – Rehire_Templates

The Rehire Process

Considerations when rehiring any previous UC employee.

- Has there been a break in service? If so, how long?
- Is the employee coming from another UC location?
- Is the employee in UCPATH? Search in Person Organizational Summary for other UC employment.

UC_FULL_HIRE or UC_REHIRE Templates can each be used in the rehire process depending upon the circumstances.

Example 1: The Rehire Template allows you to use the person's previous UCPATH Empl_ID. [Previous employment must exist in UCPATH at that time.]

Example 2: A returning former UCI employee who left the university six years ago, would not be in UCPATH since UCPATH started at UCI 12/2019. The correct template is UC_FULL_HIRE with a Reason of Rehire.

Rehire Reasons and Associated Templates

The charts below shows the common Templates and Reasons used when rehiring.

- There is a set of charts of Academic Rehires and a set for Staff. Be sure you're on the correct one. Notice that the Reasons can be the same for both Academic and Staff.
- Notice in the charts below, the Rehire Template is used only for a former UCI employee who was an employee on or after 12/1/2019 – in UCPATH.

For descriptions of Reasons, please see Appendix.

Concurrent Hires in UCPath

Templates and Reason Code combinations differ depending upon the employee type and the situation.

- There are three types of concurrent hires, **non-dual, dual and multi-location**. Dual, multi-location concurrent jobs are not allowed.
- In addition to using concurrent hire template for multiple jobs, they can also be used as part of a transfer process which will be covered later.

Definitions for use with UC_CONC_HIRE_AC & UC_CONC_HIRE templates		
CONCURRENT, NON-DUAL	FTE <= 1.0	Employee has multiple positions at the same time, different departments and/or different job codes
CONCURRENT, DUAL	FTE > 1.0	
CONCURRENT, MULTI-LOCATION	Employee has multiple positions at the same time, different UC Locations and/or different job codes A multiple location, concurrent hire requires an approved form [below] from both the home and host locations. <div style="border: 1px solid black; padding: 5px; margin: 5px 0;"> <p style="text-align: center;">TEMPORARY INTER-LOCATION OR MULTI-LOCATION APPOINTMENT FORM UPAY 560-T (R8/11)</p> <p> <input type="checkbox"/> Inter-location Transfer <input type="checkbox"/> Multi-location Transfer </p> </div>

Transfers (hiring side)

There are two types of transfers: [see Job Aid - **Transfers & Promotions at UCI** for details regarding Intra-Business Unit Transfers]

- Inter-location transfers happen **between** UC universities.
- Intra-business unit transfers happen **within** UCI. [The existing job auto-terminates.]

Note: In the event of inter-location transfer, the UC_CONC_HIRE templates are used.

Transfers – Intra Business Unit– Academic Job to Staff Job & Staff Job to Academic Job

These types of transfers require a new Empl_Rec.

Step 1 is to hire the employee into the new department using a concurrent hire template. This creates a new Empl_Record.

Step 2 is to terminate the employee from the original job. This terminates the employee from the original job so the employee should have only one job

NOTE: The Effective Date of both templates has to be the same. In the comments sections specify that this transaction is an intra-business transfer and include the new position number the employee is transferring into.
